

Montracon, the link to boosting your transportable cold store and blast freezer capacity

A link that:

- Merges top of the range units into a single larger unit
- Merges units with suitable existing facilities
- Boosts capacity by 57 pallets for each addition
- Complements a range that already accommodates up to 37 pallets
- Is an alternative to costly more permanent facilities
- Is delivered to and assembled on site
- Can be leased or purchased

Montracon
30 years in the cold store business

the trailer for road transport
