

Training achievement for Montracon employees

10th January

Congratulations to eight Montracon employees for recently completing the Business – Improvement Techniques (B-IT) course.

B-IT is a vocational qualification (NVQ level 2 and 3) aimed at reducing costs and improving productivity of businesses as a whole through enabling employees to gain recognition for demonstrating their competence to achieve quality, cost and delivery improvements in the workplace.

The course content – generally involving a few days tuition followed by a similar number of days with a mentor – has been devised by the National Skills Academy (in conjunction with SEMTA) and is delivered by Further Education colleges. The group of employees included :-

- Patrick o'Neill (finishing)
- Nigel Turner (Manufacturing engineer)
- John Crooks (Fabrication supervisor)
- Lenny Walker (Finishing supervisor)
- Piotr Zientek (PDI)
- Mark Kelly (Stores Supervisor)
- Kyle McArthur (Stores)
- Brian Richards (Finishing)
